SCA (Sudden-Cardiac Arrest) is a real and present threat to any workplace. While the Cardiac-Survival Act of 2000 mitigated some worry by requiring that all Federal Buildings have an AED, an overwhelming number of employees lack the training and confidence to act in an emergency.

SES offers comprehensive training programs designed to give students the skills to help and the confidence to use them.

Our expert instructors engage students in the learning process using a blend of hands-on training, video presentation and oral lecture. A truly dynamic presentation that encourages questions and participation in order to instill confidence and competence.

Our Programs Include:

CPR/AED
BLS for Healthcare Providers
First Aid (Basic and Beyond)
Blood borne Pathogens (BBP)
Oxygen Administration
Consulting and AED Service
AED Program Management
AED Oversight (including Rx)
Emergency Preparedness

SES is an Economically Disadvantaged Women-Owned Business, and is registered with CCR, ORCA, DUNS and BPN. EDWOSB-Self-certified.

We offer unique programs designed with Federal Budgets In mind-allowing our client to avoid extra fees, thereby keeping control over your training budget.
